Accordingly, Six (6) questions have been deleted from valuation in **Engineering Paper II (Mathematics)**. The score obtained for the remaining 114 questions has been multiplied by (120/114) to determine the score in Engineering Paper II (Mathematics), corrected to four decimal places. The above formula is applied to award proportionate scores based on the score obtained by the candidate for the questions considered for evaluation (excluding deleted questions) and to compensate the loss of scores for the deleted questions. The scores obtained by the candidate in Paper-I and Paper-II of the Engineering Entrance Examination is added to get the total score of the candidate in the Engineering Entrance Examination.

Valuation of the OMR answer scripts is computerized and is hence error-free. There is no provision for revaluation of answer scripts or re-checking of marks in this system of evaluation.

Those candidates who have qualified in the Engineering Entrance Examination will have to submit/verify the marks obtained by them in the qualifying examination (Plus Two or equivalent) for Mathematics, Physics and Chemistry/Computer Science/Biotechnology/Biology in order to prepare the Engineering rank list 2018. The facility for submission/verification of marks online will be made available in the website www.cee.kerala.gov.in in due course. The Engineering rank list will be prepared by giving equal weightage to the marks obtained in the Engineering Entrance Examination (Paper I and Paper II put together), and the grade/marks obtained for Mathematics, Physics and Chemistry/Computer Science/Biotechnology/Biology put together in the final year of the qualifying examination, after effecting the standardization procedure as described in Clause 9.7.4 (b)(iii) of the Prospectus for KEAM 2018. The marks as given in the mark list of the final year of the qualifying examination (Plus Two or equivalent) only will be considered for preparation of Engineering Rank list.
