6. G.O.(P)101/2002/H&FWD dated 29.4.2002.

ORDER

A Committee was constituted as per Government Order read as Vth paper above to review the list of Difficult Rural Areas identified and published by Government as per the Government Orders read as Ist to IVth paper above. The Committee, after detailed deliberations has prepared a provisional list of institutions to be deleted from the existing list and to be included in the existing list of Difficult Rural Areas for Medical P.G. admission. The provisional list prepared by the Committee was published vide Government Order read as 6th paper above. Objections, if any, on the provisional lists were required to be submitted within 30 days from the date of publication of the provisional list.

On publication of the said provisional list, a lot of objections and suggestions, both for deletion and inclusion of certain areas, have been received. The Committee considered the objections and suggestions received. It was then decided, after detailed discussions, that the remarks of the DMOs concerned may be obtained on the proposals for inclusion and deletion. Thereupon, the DMOs concerned were addressed vide letter dated 25.9.2002. The DMOs of Kannur, Wayanad, Kozhikode, Palakkad, Trissur, Malappuram and Idukki were addressed. Places coming under their jurisdiction alone were proposed for deletion and addition at this stage. The DMOs have responded with their suggestions and recommendations.

The Committee at its meeting held on 18.1.2003 finalised their recommendations.

The Committee was endowed with the task of proposing amendment of the existing list of Difficult Rural Areas (DRAs). The earlier Committee constituted for the purpose as per G.O.(Rt)No.2687/1997/H&FWD dated 4.7.1997 had accepted the following

parameters for identifying the DRAs for the purpose of admission to the P.G. Courses for the doctors in service:-

1. Tribal Mobile Units.
2. Institutions located in remote areas which do not have public transport, telephone or postal service within a radius of 2 kms.
3. Institutions located in buildings with no electric connection.
4. Located in Panchayat with more than 30% of tribals according to 1999 Census.
5. Institutions where there has been no regular doctor for 1 year continuously or for a cumulative period of 2 years during the last 5 years.
6. Institutions located in Islands.

The present Committee in its first meeting itself had reviewed the parameters fixed by the earlier Committee. It was found that, the parameters had to be suitably modified following the experience of the Government after the introduction of the DRA for the purpose of P.G. admission. Thereupon, the Committee has, after detailed deliberations, proposed that, the parameters referred to above may be revised as follows:

- i) Tribal Mobile Units.
- ii) Institutions located in remote areas which do not have either public transport, telephone or postal services within a radius of 2kms.
- iii) Located in Panchayat with more than 30% of tribals according to 2001 Census.
- iv) Institutions located in Islands.
- v) Places where there are no conveyance facilities, educational institutions and such other essential conditions of living within 5 kms of the Institution.

On the basis of the above guidelines the Committee has scrutinised the list of Difficult Rural Areas and considered the suggestions /recommendations from the Department, individuals, institutions and associations. After detailed study the Committee has recommended the names of institutions to be included/deleted from the existing list. Government have examined the recommendations of the Committee and are pleased to approve and publish the revised list of Difficult Rural Areas, as appended, for P.G. Admission as recommended by the Committee.
