- As CBSE has updated the marks of those candidates who took the improvement examination, the marks scored by these students in the improvement examination available through the official API provided by CBSE have been collected for the purpose of computing Architecture Rank. So students from the CBSE stream who took the improvement examination must ensure that the marks being shown through the link mentioned above for verification are of the improvement examination itself. In case of any discrepancy, the mark sheet showing the correct marks scored in the improvement examination should be uploaded. In the absence of any objection supported with a valid mark-sheet showing the correct marks, the marks obtained from the official API provided by CBSE will be used in the computation of the Architecture Rank.
